

## ABOUT US

TEATR was established in 2018 to advance Latinx performance arts to be a vital and prominent part of the artistic identity of Houston by representing and supporting the Latinx community, its artists, and its stories.

The Houston community deserves to experience these stories through the words and bodies of people that have lived through them. This is why TEATR is not only important but vital to our community.

Partner with TEATR by becoming a sponsor or by advertising your business with us. Your contributions will empower us to create work that is impactful and gives voice to our community.
